

Introduction to EDSSI

The project

To **continue and further develop** the already existing digitalisation tools

To **link** the silo projects and break down the invisible walls between them

To **harmonise** the various systems and their operation

To add **student service providers** to the system to provide a full mobility experience for students

EDSSI building blocks

ESCI framework & eIDAS regulations

Policy framework, contribution to the roll-out of the Erasmus+ Digitalisation Roadmap

Erasmus+ Dashboard

WebServices

Erasmus **Without Paper** Network

Interoperability Infrastructure

ESC, MyAcademic ID, eduGAIN

Authentication and Identification
(IdP of last resort)
