

Welcome & plan for today

Block 1 (45'):

Introduction,
interesting facts,
contextualizing EWP,
historical overview

Introduction &
Interesting facts

Contextualizing
EWP - the EDSSI
architecture

Historical
overview and the
pillars of EWP
(IIA, LA, N, TR)

All bureaucratic processes can be automated

Let's go Digital

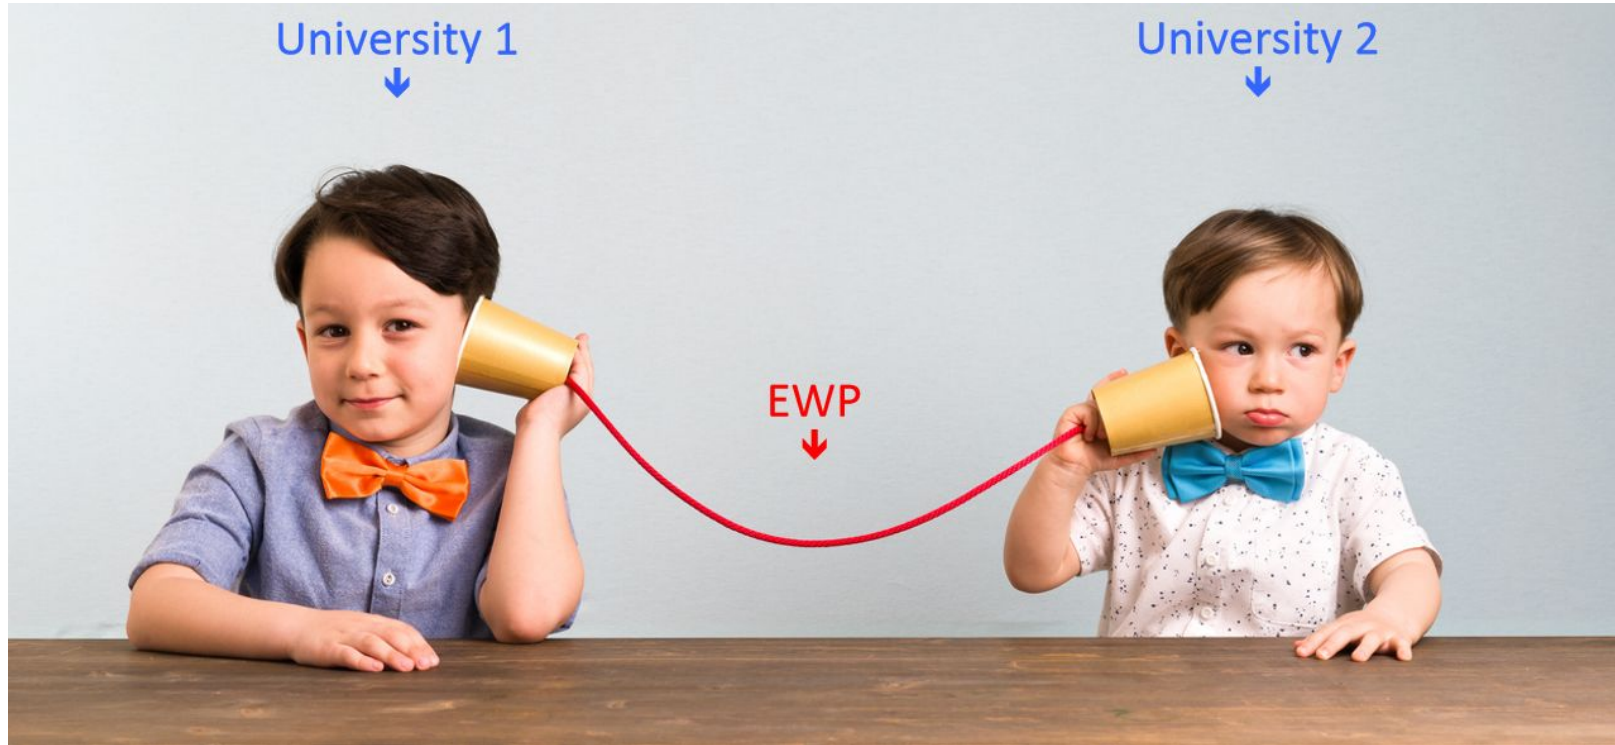

Erasmus With Paper

Main goal:

- to create a **network supporting the electronic exchange of student data** by **interlinking** the existing Erasmus student databases of Higher Education Institutions
- to allow the **automatic** migration of data
- to move **from the paper world to the electronic world** of student data

Erasmus Without Paper

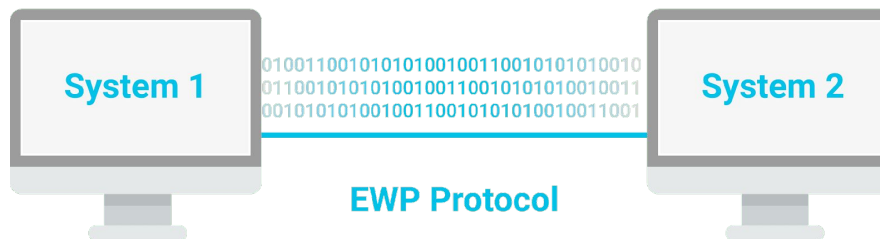

Erasmus Without Paper

Without EWP

With EWP

Erasmus Without Paper

A true change of paradigm:

Documents flowing
seamlessly among
IROs

Machine readable
formats

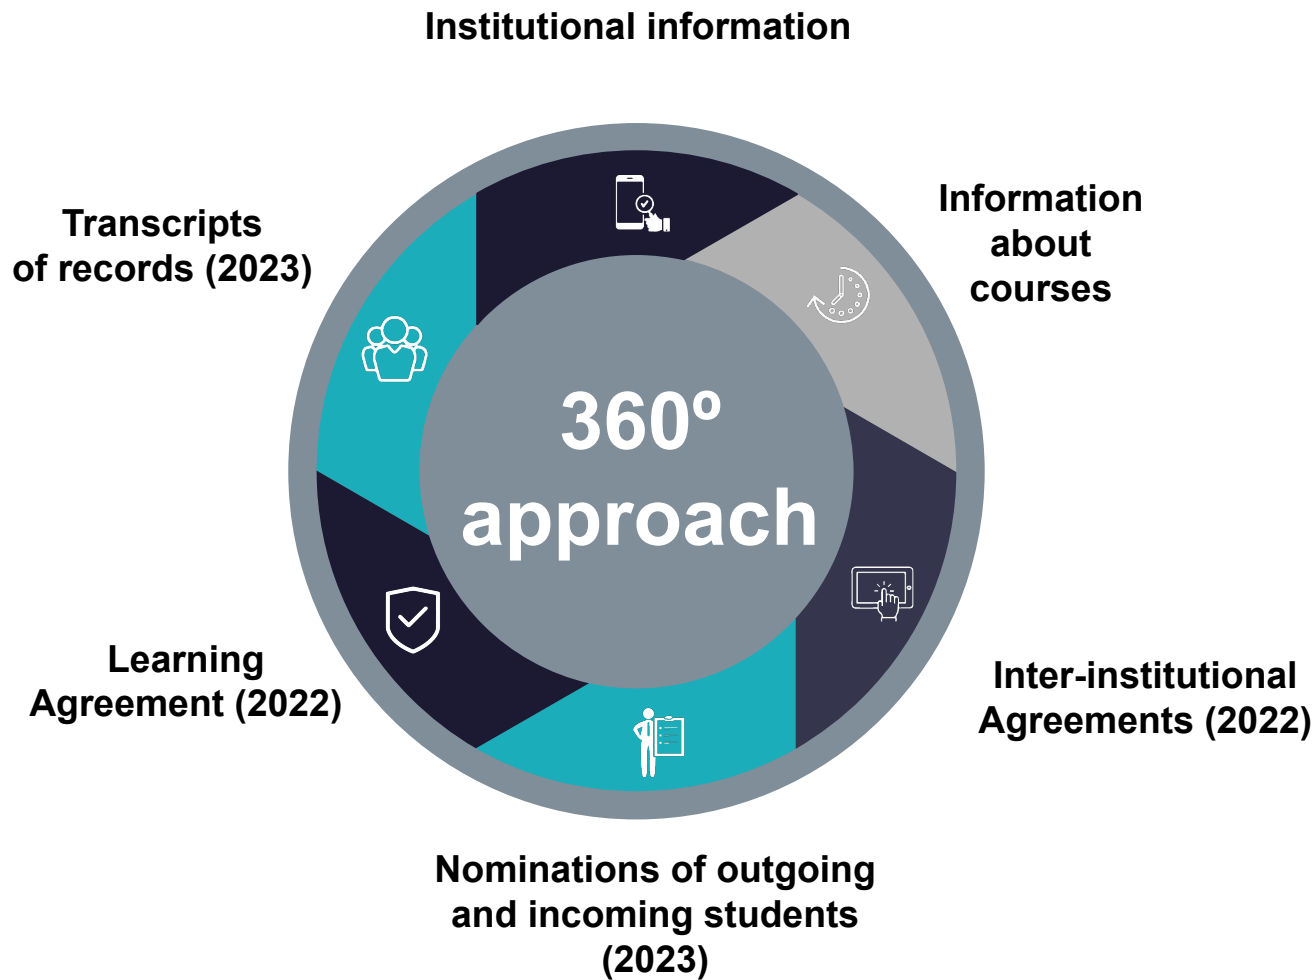

Radical efficiency
gains

Improved quality
and compliance

Connecting partners
across Europe

EWP's infrastructure

A hybrid approach

EWP Dashboard

Free cloud solution

1

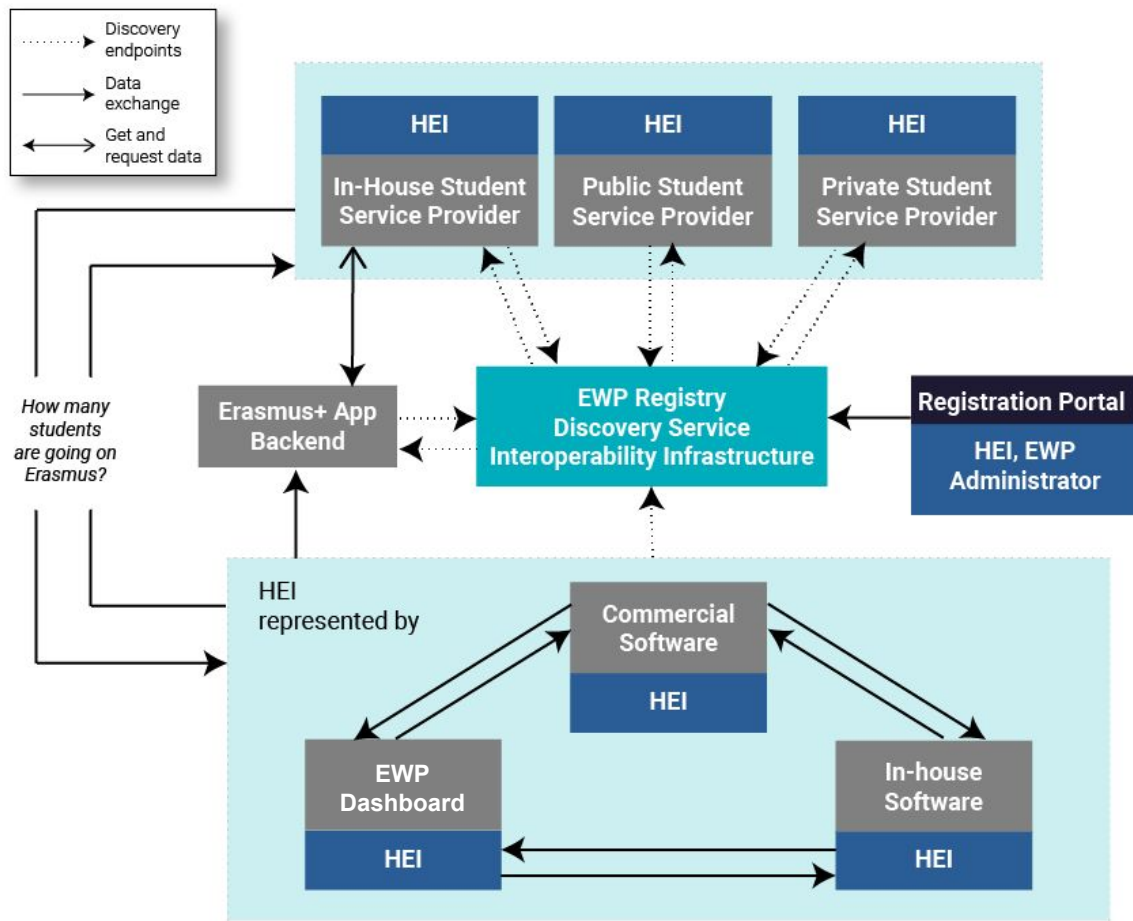

2

EWP Network

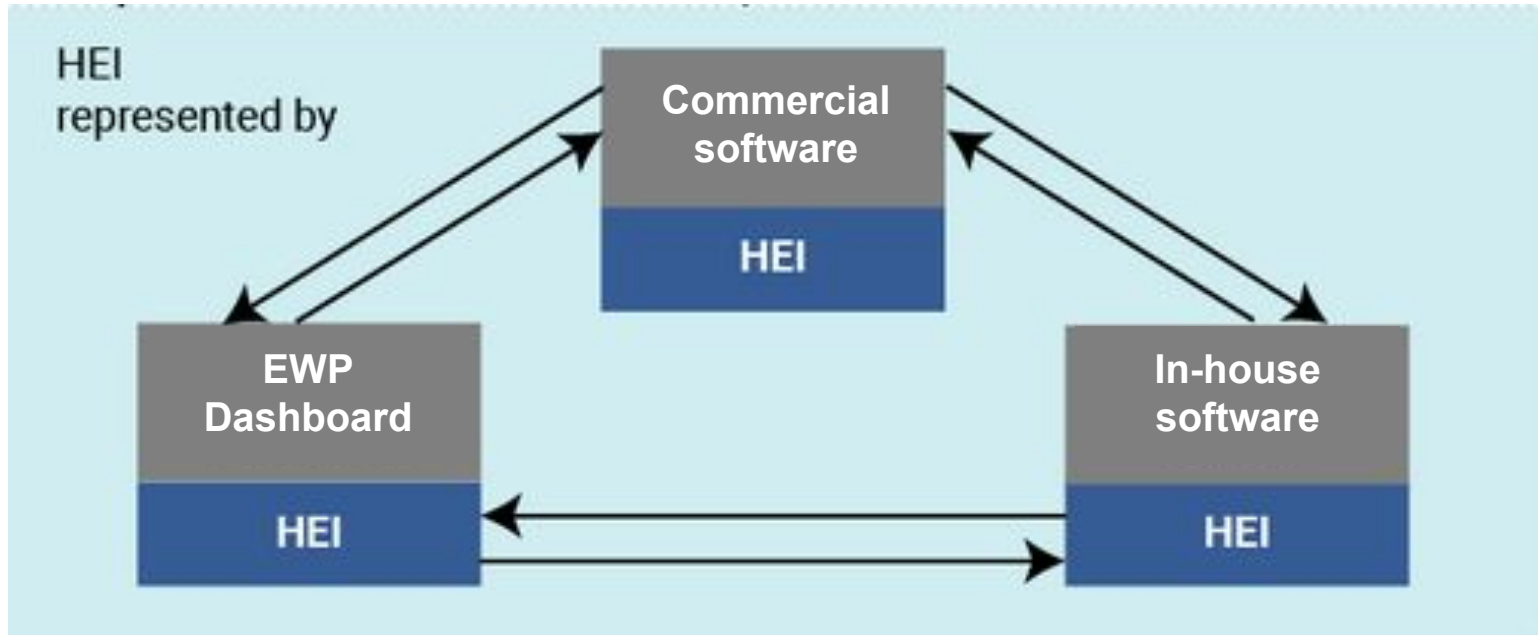

Optional upgrade of
own IT tools

EWP's infrastructure

Interoperability

EWP's infrastructure

EWP connections today

- IIA: **2.454 HEIs** connected of which
 - **1.893 use EWP Dashboard**
- LA: **2.163 HEIs** connected of which
 - **1.776 use EWP Dashboard**

Erasmus+ digitalisation timeline
